21ST CENTURY COMMUNITY LEARNING CENTER

The Discovery Center is a 21st Century Community Learning Center. This program is federally funded through a 21st CCLC grant and is FREE to all 2nd, 3rd, and 4th grade students at Ridge-Brook and Thoreau Park elementary schools.

The Discovery Center

JOIN US

Your child is invited to join us at the Thoreau Park Discovery Center. We are an after-school group of 2nd – 4th grade students from Thoreau Park and Ridge-Brook elementary schools.

Session #2: January 19 – March 12, 2021

3:30 – 5:45 We are currently having Hybrid programming. Your child would attend the Discovery Center on Tuesdays & Wednesdays or Thursdays & Fridays.

Session #3: March 22 – May 21, 2021

3:30 – 5:45 We hope to be having regular in-school programming. If we do have in-person school five days a week, we will follow the school schedule and be open Monday – Friday.

TUTORING AND HOMEWORK

After enjoying a snack, students will be assigned a teacher and spend the next hour completing homework and receiving tutoring in math and reading.

ENRICHMENT

Students will attend 2 different 30 min. enrichment activity every day. Activities may include; cooking, crafts, music & motion, art, social & emotional learning, volleyball, soccer, creative writing, games, and Lego STEM. All activities will follow the PCSD Health and Safety plan.

FAMILY NIGHT

We will hold a Virtual Family Night once a month. During session #2, it will be on a Monday evening 5:00 – 6:30. We have been enjoying virtual cooking so we may stick to that unless we receive other great suggestions. We will resume in-person family nights once we are allowed to resume those types of activities.

OBJECTIVE

To provide a high quality, safe, nurturing and comprehensive after school program for all participating students and their parents. We will offer opportunities for students to improve their academic skills while participating in fun, positive and enriching activities. The program's daily plans will offer a variety of activities/learning environments that shall provide a balance for regular day academics.
