

August/September 2020

Dear Renwood Students and Families,

I am honored to be the new Dean of Students at both Parma Park and Renwood Elementary Schools. Over the past few weeks, I have had the privilege of touring the buildings and meeting a few students and staff members, which has given me a clear picture of what makes the PCSD and our schools so unique.

My main goals at Parma Park and Renwood include continuing to establish and implement a culture of high expectations for behavior and academics at the schools as well as maintaining the successful implementation of the district's PBIS (Positive Behavioral Interventions and Supports) initiative. In doing all of this, I will work with the fantastic faculty and staff members to ensure that students are prepared for success in the next grade level, their futures in college and the workforce, as well as in life.

We all know this school year is going to look very different. We are facing many challenges, yet we have some of the best opportunities to engage learners, the community, and each other to continue to shape what teaching and learning can look like at Parma Park/Renwood. As the new Dean of Students, I am looking forward to collaboratively transforming our schools to the highest performing schools in Ohio as we prepare for a successful 2020-2021 school year.

I have been within the PCSD throughout my entire 9.5 years of teaching. I began my career working at two parochial schools through Auxiliary Services and have been an Intervention Specialist in ELA at Valley Forge High School for the past six years. I was also a member of the Building Leadership Team, District Leadership Team, Building Forum Team, PBIS committee. I worked with students after school tutoring in the Discovery Center Program at Valley Forge.

I earned my bachelor's degree at Baldwin-Wallace College in K-12 Mild/Moderate Special Education. I then earned my master's in leadership in Educational Administration at Baldwin-Wallace University, and I am currently attending Concordia University, Chicago, to obtain my Doctor of Education in Leadership. For fun, I like to spend time with my friends and family, read, and exercise.

I hope everyone has a wonderful school year, and I look forward to getting to know all of our students and families. Please do not hesitate to reach out should you have any questions or concerns...or to just say hello 😊

Sincerely,

Allie Baczkowski
