Community

Parma City School District serves the educational needs of a little over 9,000 students in three cities: Parma, Parma Heights, and Seven Hills. Currently, the district consists of three high schools, three middle schools and eight elementary schools utilizing a K–4, 5–7, 8–12 grade-level configuration. The current district enrollment is approximately 9,417 students. The student body is culturally diverse with a population that is approximately 10% Hispanic, 9.6% African American, 76.7% white and 3.5% Asian. Approximately 51% or more of students qualify for free/reduced lunch.

School

Valley Forge High School is located in Parma Heights, Ohio, a western suburb of Cleveland. Parma Heights has a population of approximately a little over 20,000. Founded in 1961, Valley Forge is a comprehensive four-year public high school enrolling 1,387 students in grades 8–12. We serve students from mainly Parma Heights and Parma, Ohio. Our school serves a large population of immigrants. Valley Forge features both college preparatory and career-technical programs.

Our most recent graduating classes, both 2020 and 2021 were impacted by the pandemic. Many students who participated in a virtual, at home option, did not have access to some of the honors or AP courses they originally selected. As many know, many current seniors also struggled with taking college entrance exams and AP exams last year in Spring of 2021. **The class of 2021 graduated 277 students.**

Curriculum

The **academic programs** are organized on an 8 period day, approximately 46 minute periods. Students can take full year and semester courses. Students can earn high school credit beginning in 8th grade. Students can take a maximum of 8 credits per year if they opt out of lunch. Students must earn a minimum of 20 credit hours to fulfill the academic graduation requirement in Ohio.

Vocational Programs

The Parma City School District offers 18 career center programs of study at the high school level. Students can enroll in the Career-Technical Programs beginning in 10th grade. Most CTE programs are two years, most students attending both 11th and 12th grades. The district offers several programs that students can earn articulated college credit.

Twenty elective pathway courses are available at the high school buildings in the areas of family consumer science, computers, business, and industrial technology. In addition, job training programs designed for students with disabilities are available.

Rank

School policy calculates class rank at the end of the first semester and at the end of the year.

Grade Point Average (GPA) Calculation

A: 90-100 B: 80-89 C: 70-79 D: 60-69 F: Below 60

College Prep: A= 4 B=3 C=2 D=1 F=0

Honors/AP: A=5 B=4 C=3 D=2 F=0

GPA is calculated by using the above quality points. Beginning with grade nine, all subjects, whether passed or failed, are included in the computation. Eighth grade electives are also calculated in the GPA. A minimum of 20 credits is **required for graduation**. In addition, students must meet the requirements of one of the three testing pathways for the state of Ohio. Grades are recorded on the transcript and GPA is computed in January and May. In the class of 2021, 48 seniors earned a 4.0 weighted GPA or above.
