

8/22/20

Dear Parma Park Families,

I hope this writing finds you and your family well. As we are getting closer to the formal start of school, you will begin to receive important information from me regarding the opening of the 2020-2021 school year. The parmacityschools.org website will also contain vital information. As we start this process, please be sure to contact the school if your email or phone number changes. Without that information, you may not receive the communications that will be sent out electronically or via the robo phone system. I highly encourage you to go to the district's website to read the Distance Learning schedule supports and expectations. Below are three important reminders.

Sincerely,

Wendy Jewell, Principal

440-843- 3637

jewellw@parmacityschools.org

If your Child will not be attending Parma City Schools or Parma Park

If you have moved and your child will not be attending Parma City Schools, please remember you must formally withdraw your child. You may do so by calling the school at 440-843-3637.

If you have moved within Parma but your new home is not within Parma Park student assignments, you must call the school with your new address. If you wish for your child to remain at Parma Park, you may request a "Stay." This will need to be approved by the Principal. You may request a "Stay" by calling the school at 440-843-3637.

Distance Learning Device Pick Up

DEVICE DISTRIBUTION:

Chromebook and iPad distribution will occur in a similar fashion to food distribution, we will use the auto shop as a drive through. Parents will enter the lot from Longwood, navigate their way to the auto shop, come through and provide student name(s) at which point we will assign and distribute a device or devices. Parents will not get out of their vehicle. If parents have a student in K-1 and another student in 2nd-5th grade and only want to make one trip they will need to come on the iPad distribution day.

2-5th Grade: Monday 8/24 from 7:30 am-3:00 pm at Parma Senior High School

2-5th Grade: Tuesday 8/24 from 7:30 am-3:00 pm at Parma Senior High School

K & 1(iPads): Thursday 8/27 from 7:30 am-3:00 pm at Parma Senior High School

*New students (6-12 grade) or families that cannot make it within the allotted time slots will need to reach out to DIS via techhelp@parmacityschools.org to make an appointment for pickup.

NEW AND IMPROVED SUPPORT:

Beginning September 1, DIS will be “open for business” for student help between the hours of 7:00 am-2:30 pm. Families can come directly to door #50 and ring the buzzer to have their device repaired, replaced, or new student pickup. This will ONLY be until students are physically back in school.

We will also be activating a help desk phone number for students/parents on September 8 (440-843-3865) that will be manned from 7:30 am-3:00 pm.

*Please note =Parma Park does not have the devices at the school to hand out. You must pick them up at Parma Senior High.

Revised Distance Learning School Supply list:
