\*The latest Neola issue on marijuana is the legal alert, which we issued a couple of years ago, as it still reflects the belief that there is no legal authority for possession or use on school premises. That legal alert is attached and no language has been added to P/AG 5330. If you choose to add language, be sure to check with district legal counsel and know that it will be district specific and not included in the Neola warranty.

Reviewed the **Handbook Template & Annual Notices/Reminders from NEOLA** – copies provided at the meeting

Pam Edmonds is following up to be sure all policies/guidelines required are in the handbook – Annual Notices will be reviewed again at the June meeting
