Use code you received

4. Click the **Register** button.
5. Type desired email.
6. Type a password. Passwords are case-sensitive and must be at least 6 characters. They cannot contain blank spaces.
7. Click the Continue button and registration is complete. Then login using email and password you created.

A parent needs to register only once, and the registration code is valid for one use only. On subsequent visits to Student Connection, the parent will enter an email address and password to access the site.

If a parent has multiple students, they do not need to register for Student Connection separately for each child. When the parent and student records are linked correctly, the parent can sign in once and select any of his or her children to view. To have your student accounts linked contact the Gear Up Advisor.
