

Summer is the Best Season

Out of all four seasons, Summer is the best one. Summer is the best for many reasons. I wish it could be summer all the time.

There are so many things to do in the summer. During the summer, I can go to pool with my friends. I love to swim! I can also go to the amusement park and ride roller coasters. Amusement parks are so much fun! In the summer, I can ride my bike. I love feeling the wind in my hair. In the summer, I spend so much time at the beach. I love to look for seashells, build sandcastles, swim in the ocean and eat ice cream under the sun umbrella.

Another reason why summer is the best is we have summer vacation from school. I like school but I like having time to relax. It is nice to not have to spend hours reading, writing and doing math. My brain needs time to cool off before the next grade begins.

The final reason why summer is the best is the weather. In the summer, it is so warm and sometimes even hot. I like being warm when I am playing outside. The sunshine and warm temperature makes me happier.

Summer is so much better than winter, spring and fall. There is so much to do, no school and warm temperatures.
