****Technology Notes****

Students will be expected to have their district laptops fully charged at home the night before school. The charge should last 9 hours. Students tend to lose chargers when they bring them to school, also there are very few places to charge them. Please make sure they are charged at home and prepared for class. They will also carry laptops to each class as most textbooks are now online.

THEY WILL USE THEIR LAPTOP EVERY DAY.

CELL PHONES ARE NOT ALLOWED TO BE OUT DURING CLASS.
