Mr. Droes and the Digital Media Class want to congratulate senior Ginny Kontra for taking 3<sup>rd</sup> Place in Extemporeous Speaking at the Regional Skills USA competition held this past weekend at Medina County Career Center. Ginny had to deliver a 3 to 5 minutes speech on an unknown topic with only five minutes to prepare. She did a fantastic job and has qualified for the State Competition in Columbus. Congrats again to Ginny and good luck to all of the DMC students competing at States in April.

"The Patriot Pyramid Week 7 Theme is "Skill". Having "skill" means being able to execute all aspects of your responsibilities at an optimal level. Your skill at something is not a constant and it will take practice to master a task in order to perform it to your maximum potential. Take time to develop skill in your lives. Skill can take place in all dimensions of your health physically, mentally/emotionally, and socially. Social skill could involve being able to talk and relate to all types of people, mental skill could involve visualization of a task before it's performed for efficiency, and physical skill could mean performing a workout to keep your body functioning optimally. Come check out the Patriot Pyramid sessions MWF 2:45-3:45 or T, Th 7am to 7:45am in the fitness center! All fitness levels are welcome, and I look forward to seeing the numbers continue to grow!"
