B & B's Cultural Club Presents:
"Little Known Black History Facts"

Honoring: Nelson Mandela

Nelson Mandela, former first President of South Africa and anti-Apartheid leader. As a revolutionary activist, Mandela was arrested repeatedly and even sentenced to life imprisonment. Because of incredible global pressure, Mandela was released after serving 27 years in prison for opposing South Africa's apartheid system (A system of segregation or discrimination on the grounds of race). He faced harsh conditions meant to break his resolve, but Mandela refused to give up his efforts to achieve equality for all people. Then, Mandela fought alongside other leaders to end apartheid and became the first President of South Africa. After his term ended, he continued to devote his life to charitable and humanitarian work. Valley Forge extract the meaning of leadership and resilience from this great leader and reflect on how you can make a stand for those things that are important to you even if you must do it alone. "Be the change that you want to see"
